c. In fulfilling these purposes, this Chapter is intended to benefit the public as a whole and not any specific person or class of persons.

d. This chapter shall be reviewed and amended periodically, as directed by the City Council.

30.103 SCOPE

a. The provisions of this Chapter shall apply to the construction, alteration, moving, repair and use of any building or parcel of land within this jurisdiction.

b. Where, in any specific case, different sections of this Chapter specify different requirements, the more restrictive shall govern. Where there is conflict between a general requirement and a specific requirement, the specific requirement shall be applicable.

c. The provisions of this Chapter shall not apply to property belonging to the City; or to property used to provide public utilities; or work located primarily in or on a public way, public utility towers and poles, or public utility easements, unless specifically mentioned in this Chapter; provided that in the erection of buildings or other structures, the City and utility companies shall attempt to conform in architectural design or otherwise as nearly as possible to the buildings permitted in the district in which they are being erected.

d. If any portion of this Chapter is held invalid for any reason, the remaining portions herein shall not be thereby affected.

30.104 COMPLIANCE

Except as provided in this Chapter, no building shall be erected, reconstructed or structurally altered; nor shall any building or land be used for any purpose other than is permitted in the district in which such building or land is located; no building shall be erected, reconstructed or structurally altered to exceed the height or bulk limit herein established for the district in which such building is located; no lot area shall be so reduced or diminished that the yards or other open spaces shall be smaller than prescribed by this Chapter; nor shall the yard or open spaces provided about any building for the purpose of complying with the provisions of this Chapter be considered as providing a yard or open spaces for any other building.

30.105 PENALTIES FOR VIOLATIONS

Each violation of this Chapter shall be punishable by a fine of not less than five dollars (\$5.00), nor more than two thousand dollars (\$2,000.00), unless some other fine is specifically prescribed for a particular violation. Each day any violation occurs or continues to occur shall be considered a separate offense.

It is the intent of this section of the Ordinance to permit such nonconformance to continue, under regulations herein contained, until the same are removed, but not to encourage their survival.

30.402 NONCONFORMANCE INCOMPATIBILITY

Nonconforming uses are hereby declared to be incompatible with the permitted uses in the districts involved.

30.403 ENLARGEMENT PROHIBITED

It is further the intent of this Ordinance that nonconforming uses shall not be enlarged upon, expanded, or extended, nor be used as a basis for adding other structures or uses prohibited elsewhere in the same district. Except as herein provided, no nonconforming use of land or buildings, or any nonconforming structure shall be enlarged, changed, or altered, except in conformity with the regulations contained in this Chapter.

30.404 NONCONFORMANCE STATUS

Any use or structure which does not conform to the regulations contained in the zoning district in which it is located is deemed to be a legal nonconforming use when:

30.405 CONTINUING LAWFUL USE OF PROPERTY

The lawful use of land existing at the time of the passage of this Ordinance, although it does not conform to the provisions herein, may be continued until termination is required in accordance with the provisions of this Article. During the period between designation as a nonconforming land use activity and notification of a prescribed termination date, if discontinuance occurs, any future use of the premises must be in conformity with the general provisions of this Ordinance.

A legal nonconforming use, when discontinued or abandoned, cannot be resumed. Prima facie evidence of continuance or abandonment is as follows:

1. When land associated with a legal nonconforming use ceases to be used in such a manner for a period of one hundred and twenty (120) days.
2. When a structure associated with a nonconforming use ceases to be used in such a manner for a period of one hundred and twenty (120) days.

30.406 DEVELOPMENT OF NONCONFORMING LOTS

Nonconforming lots which do not meet the minimum area, width, or depth requirements for the district in which they are located may be used for any lawful purpose permitted within the zoning district in which they are located. However, the use of such a

lot shall be subject to a determination by the Zoning Officer(s) that a good faith effort has been made to follow all rules and regulations associated with this Ordinance.

30.407 PROOF OF LEGAL NONCONFORMANCE

It shall be the responsibility of the owner, operator, or occupant to provide proof that a nonconforming structure or use of land or building existed prior to the enactment of this Ordinance.

30.408 RESTORATION OF DAMAGED PROPERTY

Nothing in this Article shall prevent the restoration of a building that is destroyed by fire, explosion, or other casualty or act of God, or a public enemy by less than 50% of the appraised value of the building, nor the continued occupancy or use of such a building or part which existed at the time of such destruction.

30.409 SUBSTITUTION OF NONCONFORMING USES OR STRUCTURES PROHIBITED

30.410 ENLARGEMENT OF NONCONFORMANCE PROHIBITED

No nonconforming use or structure may be extended or enlarged, and no nonconforming use of land may be enlarged or increased, to occupy a greater area of land than was occupied at the time the site achieved nonconforming status.

30.411 TERMINATION OF NONCONFORMANCE

The right to use a parcel of land or a structure in a nonconforming manner shall terminate under any of the following circumstances:

- A. When the use is abandoned.
- B. When any provision of this or any other ordinance of the City of Leon Valley is violated.
- C. When a nonconforming use is changed to a conforming use by means of an amendment to the zoning text or map.

30.412 LOT SIZE AND DENSITIES

No lot shall be reduced or diminished so that the yards or other open spaces shall be smaller than as prescribed in this Chapter, nor shall the density of population be

increased in any manner except in conformity with the area regulations established herein. Side yard areas, used to comply with minimum requirements of this Chapter, for a building, shall not be included as a part of the required areas of any other building.

The purpose of the MX-1 District is to concentrate various mixed uses into an area such that residential housing related to the allowed business activities is within a reasonable walking distance from the job opportunity. It is intended that the District have a unique character created by the mix of zoning uses allowed together with identifiable pedestrian, social, recreational and green space areas. Another unique character intended is the absence (or reduction) of onsite parking areas and the use of common parking areas. The mixed uses may be created vertically in a multi-story building or spaced horizontally. This special district may be created altogether new or by proximity to existing structures and uses. Municipal participation may be created as a central recreational or promotional feature in the District.

B. Locational Criteria

An MX district may be designated for areas:

1. With an existing mix of retail, office, service and residential uses located within one-quarter (1/4) mile of each other; or
2. On a tract or parcel of at least five (5) acres in size, for which a mixed-use development is proposed.

C. Sub-areas

The site shall be divided into the following sub-areas:

1. A "Center" consisting of retail, civic, professional office; service and multi-family uses.
 - a. The Center shall have a minimum area of 3,000 square feet.
 - b. The Center shall be located on a commercial standard street.
 - c. Each Center shall face or surround a community gathering area (Plaza).
 - d. The Center shall be connected to adjacent streets, crosswalks or lanes that provide access to dwelling units.
2. A "Neighborhood" or series of neighborhoods, consisting of multi-family or single family uses, small-scale retail and service uses, and public outdoor gathering areas. Each multi-family unit containing more than 250 units shall have not less than 600 square feet per dwelling unit. All areas of a neighborhood should be within a 10-minute walk from edge to edge. A neighborhood shall not be less than five nor more than 10 acres in size.
3. Parks and open spaces, including a Plaza and a greenbelt area shall be provided. The Plaza shall serve as a community focal point and public gathering area. The

CONTINUED - 30.617 "MX-1" MIXED USE DISTRICT

greenbelt shall provide an identifiable edge to the District, open space for residents and natural areas. Storm water management must be considered.

4. Landscaping, using drought tolerant, hard and softscape materials shall be provided for each of the uses in the District.

D. Density

The application for a MX-1 Mixed Use District shall include a Master Development Plan layout that shall set forth the number of units per gross residential acre and the total number of dwelling units. The Development plan shall show all uses intended and features such as landscape, sidewalks, lanes and streets that demonstrate that the Plan accomplishes the purposes and intentions of this document. The Development plan shall be subject to review by the Fire Marshal, City Engineer and Building Inspector and shall otherwise conform to the codes and Ordinances of the City.

E. Abutting Uses

Subject to review by the City Engineer, different uses may abut on the side or rear lot lines, or face across streets or parks, regardless of whether they are in the same or different land use category. Retail or service uses may abut single family uses only where the retail or service use is located at the intersection of a main street, boulevard or avenue.

F. Use Matrix

The use matrix is not applicable to the MX-1 District provided that no building permit shall be issued unless the requested use conforms to a Master Development Plan approved as a part of rezoning to an MX-1 District. If an MX-1 District is not approved pursuant to a rezoning request, permitted uses shall abide by the individual zoning district regulations.
